

# PCAC PRIORITY

Develop a strategy to address racial disparities for prostate cancer outcomes in the State of Florida

# IMPACT OF PROSTATE CANCER ON AA POPULATION

- ▶ Highest incidence of disease
- ▶ Higher mortality rate
- ▶ Earlier age of diagnosis
- ▶ More advanced stage of disease at diagnosis
- ▶ Lower overall survival rate

# POTENTIAL FACTORS THAT INFLUENCE OUTCOMES

- ▶ Access to Healthcare
- ▶ Socioeconomic factors including trust and cultural barriers
- ▶ Awareness and screening

# PROPOSED SOLUTIONS

- ▶ Community Outreach and Engagement
- ▶ Education and Awareness Programs
- ▶ Screening and Testing Clinics
- ▶ Healthcare Provider Training
- ▶ Public Awareness Campaigns
- ▶ Time Table for Actionable Delivery

# LIMITATIONS

- ▶ Cultural Resistance
- ▶ Budgetary Constraints
- ▶ Access to Healthcare
- ▶ Sustainability

# RESOURCE NEEDS

- ▶ Funding
- ▶ Partnership Development
- ▶ Educational Materials
- ▶ Use of Media
